

May 2023

Dear Friends and Supporters,

A recent *Wall Street Journal* opinion entitled, “Biden’s Second-Term Mistake” succinctly stated what we all know: “... electing an octogenarian in obvious decline for another four years could be an historic mistake... It’s impossible to know Mr. Biden’s real physical and mental state because the White House goes to great lengths to hide it. But his decline is clear to anyone who isn’t willfully blind... But the best reason not to run is for the patriotic good of the country... Enemies size up leaders as much as they do nations when they make their calculations... Asking the country to elect a man who is 80 years old and whose second term would end when he is 86, is a risky act that borders on selfish.”

Understanding all of this the article also says “...that’s also true for the advisers who have pushed him in such a sharply progressive direction in his first term. *They know Mr. Biden will lead wherever they want him to go.*” Biden is the true, but successful, “Manchurian Candidate” (watch the second movie). Both the Southeast Law Institute and Eagle Forum of Alabama suffered at the hands of these nameless, faceless “advisers” for our support of prohibiting sex change procedures on minors. See our March 2023 Educational Update.

In that VCAP litigation, since our March 23 Educational Update, the judge granted our motion for sanctions, but did not award an amount. He said he would wait until later in the litigation to, in effect, see how everyone behaves. We hope what he means is rather like having the Sword of Damocles hanging over the head of the perverted Department of Justice.

This month’s update is an APLC Memo on the pressing legal/political issues surrounding the FDA, Alabama enforcement of crimes for drug induced abortions and efforts to prosecute mothers who get abortions, and the politics of abortion. The issues are complex and serious. We hope this will give a little insight.

Thank you very much for your continuing support of our efforts. With personal regards,  
I am,

Yours Very Truly,

A. Eric Johnston
